RECHARGEABLES

JOIN OUR SALES TEAM · ANYWHERE IN CANADA · INDEPENDENT CONTRACTOR

Independent Sales Representative

Solar + Energy Storage · Fire Suppression

One rep, two divisions, five product lines, every province and territory. Bring your experience from solar, the electrical trade or the fire service.

About Rechargeables

Rechargeables Inc. is a Canadian B2B wholesale distributor: a Tier 1 distributor for Fortress Power, Fronius and Sol-Ark, and an authorized Canadian partner for Stat-X® aerosol fire suppression by Fireaway Inc. We ship from Woodstock, Ontario into **every province and territory**, and we never compete with the contractors you sell to.

Two divisions. Five product lines.

Solar + Energy Storage Division

Solar
Modules, inverters, racking, rapid shutdown and balance of system. Canadian Solar · JA Solar · VSUN Solar · Fronius · Sol-Ark · Kinetic Solar Racking and Mounting · TerraGen Solar · Tigo Energy

Energy Storage Systems
Residential and commercial batteries, hybrid inverters and monitoring. Fortress Power: eBoost, eForce, eFlex MAX, eVault MAX and eSpire · Envy hybrid inverters · Guardian Gateway

Fire Suppression Division Stat-X® by Fireaway Inc.

Stat-X® Aerosol Fire Suppression Systems
Fixed generators from 15 to 2,500 g with electrical, thermal or manual activation, for enclosed hazards including battery storage. By quote

Stat-X First Responder®
Hand-deployable unit: twist, pull and toss; agent releases in about 3.5 seconds. In stock: 4-pack, kits, accessories

UltraSense™
Battery storage monitoring: sensors, gateway and software. By quote

One customer, more sales

A battery storage site needs solar and storage, Stat-X® aerosol protection and UltraSense™ monitoring, and its crews can carry First Responder® units. Sell across both divisions.

Who we're looking for

- Sales pros from solar, energy storage, electrical or the building trades
- Electricians, firefighters and first responders
- Fire suppression installers and technicians
- Installers with their own crews (project leads possible)
- Based anywhere in Canada, running your own business or ready to start one

What you get

- **Commission** on eligible products your accounts buy, paid monthly once the customer has paid.
- **Training on all five lines,** so you can learn something new and sell more to every account.
- **A full back office:** pricing, Estimates, sizing, shipping and invoicing.
- **Sell anywhere in Canada,** close to home or far away, full-time or in your spare time.

Apply online in five minutes

Jeremy Day, President, reviews every application personally.

This is an independent contractor opportunity, not employment. Commission terms are set out in a written Independent Contractor Agreement, which is required before any engagement. No earnings, territory or customer exclusivity are guaranteed. Rechargeables sets all pricing and terms and reviews all system design; training and authorization apply to each line. If you work for a fire department or other public employer, follow its outside-work rules. Stat-X®, Stat-X First Responder® and UltraSense™ are trademarks of Fireaway Inc.
